About Me

Data Analytics enthusiast with a background in Computer Science (B.Tech), skilled in Python, SQL, and Power BI. Experienced in data cleaning, exploratory analysis, and dashboard creation for actionable insights.

Work Experience

Founder & Content Creator — PyAI Hub
Personal initiative focused on data analytics education and career guidance
2025 – Present

- Created educational content on data analytics, AI, and programming concepts
- Guided learners on career roadmaps and skill development in tech

Freelance Data Analyst
Fiverr, providing data analysis and data processing services.
March 2026 to Present

- Improved data accuracy and consistency by cleaning and preprocessing datasets using Excel, SQL, and Python
- Reduced manual data handling efforts by structuring raw datasets into organized formats for analysis

Freelance Data Analyst (Projects & Practice)
Freelancer.com, working on independent data analysis and machine learning projects
November 2023 to Present

- Enhanced data insights by performing exploratory data analysis (EDA) using Python and SQL
- Built data pipelines and processed datasets to improve data usability and workflow efficiency

AI Engineering Intern
ATEES Global, focusing on AI model development and deployment
February 2025 to May 2025

- Developed machine learning models using TensorFlow and Scikit-learn for real-world applications
- Improved model performance through data preprocessing, training, and evaluation techniques

Python Developer Intern
Techplement, working on Python-based data handling solutions
September 2024

- Developed Python-based data processing solutions for handling structured datasets and CSV files
- Improved data management efficiency by implementing CRUD operations

Languages

- English (C1 – Proficient)
- Malayalam (Native)
- Hindi (B1 – Intermediate)
- German (A2 – Elementary)

Relevant Skills

- Programming: Python, SQL, R
- Data Visualization: Power BI, Tableau
- Data Analysis: Data Cleaning, Exploratory Data Analysis (EDA)
- Libraries: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
- Tools: Excel
- Soft Skills: Problem Solving, Communication, Attention to Detail, Decision Making

Projects

Netflix Content Insights Dashboard
Power BI project analyzing streaming data trends and viewer patterns
March 2026

- Analyzed content trends by genre, country, rating, and release year using Power BI
- Built interactive dashboards to visualize key insights and support data-driven decisions

Strategic Hotel Booking Analysis
Data analysis project on 100k+ booking records to identify cancellation trends and revenue patterns
February *2026*

- Analyzed large-scale booking data to identify key cancellation drivers and seasonal trends
- Designed KPI frameworks to support dynamic pricing and business decision-making

Repository: github.com/athulyaesther777/PyAI_Hub

End-to-End Business Performance Pipeline
Analytics workflow project from raw data processing to business-level reporting
January *2026*

- Processed and analyzed 30k+ customer records to identify churn patterns
- Extracted key revenue drivers and business insights through exploratory analysis

Repository: github.com/athulyaesther777/PyAI_Hub

Education History

Bachelor of Technology (B.Tech) in Computer Science (CGPA 7.02)
University: APJ Abdul Kalam Technological University, India
Year of Graduation: 2020 – 2024

- Built strong programming skills in Python and SQL
- Technical Team Member, Google Developer Student Clubs (GDSC)
- Volunteer, National Service Scheme (NSS)

Google Data Analytics Professional Certificate
Institution: Coursera
September 2025 - March 2026

- Learning data cleaning, data analysis, and visualization techniques
- Gaining hands-on experience with real-world datasets and case studies

Certifications

SEPTEMBER 2025 – MARCH 2026
GOOGLE DATA ANALYTICS PROFESSIONAL CERTIFICATE
Coursera (Google)

FEBRUARY 2025 – MARCH 2025
MACHINE LEARNING & AI CERTIFICATIONS
LinkedIn Learning
